FACULTAD DE CIENCIAS ECONÓMICAS Y ADMINISTRATIVAS

La Facultad de Ciencias Económicas y Administrativas de la Universidad Americana comenzó su trayectoria académica en 1995 con el lanzamiento pionero de la carrera de Ingeniería Comercial en el país. Desde entonces, ha consolidado una oferta educativa que abarca disciplinas relacionadas con la economía, la gestión empresarial y la organización.

Entre las carreras que ofrece se encuentran Ingeniería Comercial, Ingeniería y Licenciatura en Marketing y Publicidad, Economía, Licenciatura en Comercio Internacional, Licenciatura en Administración de Empresas, Contaduría Pública, Licenciatura en Gestión de Turismo y Hotelería, y Licenciatura en Gestión de Recursos Humanos. Recientemente, se han añadido programas como Licenciatura en Administración Agraria, Licenciatura en Logística Global, Licenciatura en Administración Pública y Licenciatura en Innovación y Desarrollo.

La Facultad se distingue por tres pilares fundamentales que guían su acción: la globalización y la integración internacional, la innovación en la gestión empresarial y económica, y el fomento de habilidades emprendedoras con un enfoque en el liderazgo y la creatividad.

Con un firme compromiso con la excelencia académica, la Facultad busca constantemente la evaluación y mejora de sus proyectos educativos y el desempeño de sus docentes. Asimismo, se esfuerza por ofrecer servicios de alta calidad desde sus diferentes áreas académicas.

Su misión principal es formar profesionales íntegros y competentes, capaces de destacarse en el entorno laboral, ya sea en el sector público o privado, mediante el dominio de los conocimientos específicos de sus áreas de especialización.

La labor académica de la Facultad cuenta con el respaldo de numerosos convenios de cooperación y programas de pasantías establecidos con empresas, instituciones y organizaciones de renombre, tanto a nivel nacional como internacional. Estos acuerdos permiten a los estudiantes realizar cursos en otros países adheridos a la red de convenios, como así también obtener la Doble Titulación Internacional.

La Universidad Americana tuvo su origen el 12 de octubre de 1991, con la creación del Instituto Superior de Capacitación y Desarrollo Empresarial, INCADE, una asociación sin fines de lucro cuyo propósito fue promover la fundación de una universidad que se constituyera en un lugar de formación, enseñanza y cultivo superior de las artes, letras, la ciencia y la tecnología, la investigación científica y la capacitación integral del ser humano en el Paraguay.

En el año de 1994, por ley de la Nación N° 403, se crea la Universidad Americana y se instituye bajo el lema "Excelencia Académica", con el objeto de fundamentar su misión esencial: "La formación de profesionales líderes, capaces y honestos, para el desarrollo del país y la región". En el año 1995, se introdujo en el país la carrera de Ingeniería Comercial, siendo pionera en esta área, iniciándose la Facultad de Ciencias Económicas y Administrativas.

Más adelante, y con la incorporación de nuevas carreras, se constituyeron dos Facultades, la Facultad de Derecho, Ciencias Políticas y Sociales, y la Facultad de Comunicación, Artes y Ciencias de la Tecnología.

En los últimos años, la Universidad Americana, ha desarrollado con ímpetu e innovación su Escuela de Posgrado, donde se destacan sus programas de posgrados, por el nivel y la calidad de sus egresados.

Actualmente, la Americana cuenta con 16 carreras en la modalidad presencial y 26 en la modalidad virtual, como así también con 18 Programas en la Escuela de Posgrado en la Modalidad Presencial y 8 en la Modalidad Virtual.

La institución es reconocida por sus logros académicos, el liderazgo y éxito de sus alumnos. El criterio y posicionamiento que ha adquirido la Universidad Americana nos motiva a seguir creciendo de manera continua, con el objetivo de ofrecer una educación universitaria que constituya un aporte significativo al desarrollo del país.
